

SDM50 | ULTRA-COMPACT SMART SAFE

SMART SAFE

CIMA's newest ultra-compact smart-safe allows any retailer to secure cash behind the point-of-sale counter quickly and easily. Our innovative self-sealing stacking bag technology eliminates the need for cassettes and transforms the way cash is managed and collected.

- **ULTRA-COMPACT**
Small, compact footprint allows for easy placement and installation
- **INCREASED ACCURACY AND SECURITY**
Every note is identified, counted and stored in a secure safe reducing the risk of theft
- **EASY NOTE REMOVAL AND COLLECTION**
Notes are stored in a secure bag and easily removed for transport to bank or by CIT

SDM 50

ULTRA-COMPACT SMART SAFE

The **SDM50** is an ultra-compact BANKNOTE deposit machine (smart safe) from CIMA. Designed for low cash volume applications where moving notes to a secure safe is essential. It is ideally suited for convenience stores, quick-service restaurants (QSR), pharmacies, and other small format retail environments.

The SDM50 smart safe is equipped with CIMA's unique self-sealing plastic stacking bag technology (1,200 banknotes). The SDM50 has a high-performance single note validator. The benefits of the stacking bag technology include:

- **Secure, tamper evident bags**
- **Fast bag replacement**
- **No bulky cassettes required**
- **More efficient for CIT companies**

Powered by CIMA's own BV1000L validator ensures full image authenticity and compliance with all major global central banks.

The SDM50 is also equipped with a 7 inch touch screen PC that runs our highly configurable CAOS on-device application. An integrated receipt printer and Dallas key reader is also included.

DIMENSIONS:

- **Width:** 200mm (7.87in)
- **Depth:** 460mm (18.11in)
- **Height:** 610mm (24in)

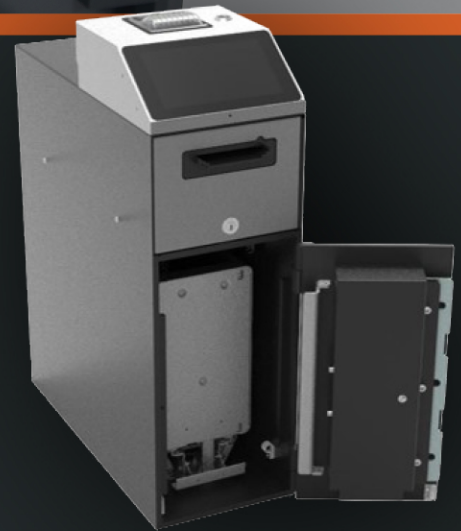

INNOVATIVE SELF-SEALING STACKING BAG TECHNOLOGY

BENEFITS

- High-performance BV1000L validator for fast and accurate note processing (single note feed)
- Multiple currency options
- Pull out system for easy maintenance/replacement
- Heat sealing stacking bag system
- Up to 1,200 banknotes
- Notes are stacked tightly in a plastic bag that is sealed prior to removal
- Allows for easy transport and processing at CIT depots
- Safe can only be opened once the bag is fully sealed
- Small footprint and height for flexible installation scenarios
- Fully compatible with CAOS device software and C-Link management platform

FEATURES AND SPECIFICATIONS

Deposit Speed:	Single note validator
Deposit Technology:	Self-Seal Stacking Bag
Seal Type:	Seal at Top
Notes Capacity:	Up to 1,200 notes
Bill Validator:	Easy access to the validator Easy removal of possible jams BV-1000L validator
Safe and Security:	8mm safe Software unlock after bag seal Pulse Lock with digital keypad
Interface:	7 inch touchscreen running CAOS on Linux OS
Color:	Standard – Grey
Weight:	68 kg (150lbs.)
Electrical:	Voltage: 100-240 V Frequency: 50-60 Hz Current: 4 A MAX
